

CSBA

Center for Strategic and Budgetary Assessments

Publications

"Nobody does defense policy better than CSBA. Their work on strategic and budgetary topics manages to combine first-rate quality and in-depth research with timeliness and accessibility—which is why so many professionals consider their products indispensable." – *Gideon Rose, Editor of Foreign Affairs, 2010-2021*

STUDIES

Arsenal in Transition: Lessons from World War II Industrial Conversion

April 6, 2026

The shift toward great power competition has reoriented national defense strategy around the prospect of large-scale conflict with near-peer powers. This transition has spurred a critical reevaluation

STUDIES

Breaking the Double Bind: U.S. Defense Strategy and Multi-Theater Deterrence

February 27, 2026 | **Evan B. Montgomery**

For years, the United States has tried to put China front and center, from the rebalance to more recent calls for prioritization. Yet it has never truly reconciled the limits of a one-on-one war force

STUDIES

Securing Space Superiority: U.S. Deterrence Options in a Two-Rival Threat Environment

October 28, 2025 | **Katherine E. Dahlstrand**

Military competition in and for space is rising. Both the People's Republic of China (PRC) and the Russian Federation have put significant effort into developing, demonstrating, and fielding

STUDIES

Indo-Pacific Stronghold: Northern Australia's Role in the Australia-U.S. Alliance

July 23, 2025 | **Thomas G. Mahnken**

Over the past decade, Australia's strategic situation has gotten worse due to Beijing's expanding ambitions and the growth of Chinese military power to back them up.

TESTIMONIES

Testimony Before Select Committee of the U.S. House of Representatives on The Chinese Communist Party

June 25, 2025 | **Thomas G. Mahnken**

On June 25, 2025, CSBA President and CEO, Dr. Thomas Mahnken, testified before the Select Committee of the U.S. House of Representatives to discuss the ongoing competition between the

STUDIES

Arsenal of Democracy: Myth or Model? Lessons for 21st-Century Industrial Mobilization Planning

May 28, 2025 | **Tyler Hacker**

A protracted war between the United States and China would create immense demands for mobilization, requiring production to be expanded far beyond current capacity. These demands have led to
